Kim,

I think Ginny inadvertently forgot to forward to you. This is the draft revised letter from MassDEP following our meeting with them and AVX in early December. Let me and Elaine know if you have any comments. I think we would like to turn this around very quickly, likely by next Monday (Elaine, do you agree?).

Subject: AVX Phase III Letter

Hi Ginny,

I am attaching the draft of the Phase III letter. We recognize that there are some stylistic issues, typos, format issues, and other technical questions we need to iron out, but for the sake of time, we wanted to make sure EPA has a chance to review. We don't expect that additional future changes to this letter will result in drastic changes to the version you are receiving.

I am attaching the Word version of the document, so please feel free to use the Review tool. It will make it easier for us to review EPA's comments.

Thanks,

Angela Gallagher
